WILDCATS HAVING A SORROWFUL WEEK

Gainesville Team Tuesday Outplayed Them and Took the Second Game

The Wildcats had another bad day Tuesday and let their favorite pitcher feel the pangs of defeat. No one can believe that it was Whitney's fault that he did not win his game when they see the score and cast their eyes over the long list of errors. It is hard to believe that a good baseball team like the Wildcats can make as many errors in nine little innings as this team of ours made yesterday. It was maddening to the fans to sit and see ball after ball booted or dropped. It is to be hoped that whoever is carrying a jinx in his pocket will leave it at home for a while and let the Wildcats have a little more prosperous season. The locals hit the old pill over the lot and then were unable to win the game because they failed to stop the easy chances that the Gainesville boys slipped to them.

As in Monday's game there were a few redeeming features. Villirno made a wonderful leap in the air when he caught a wild throw from third. Collins caught a pretty fly that should have been listed among the hits and Valdez stopped a hot one that was headed down his throat. Harry Wood and Taylor made the two pretty stops for Ocala.

Rymer, Liddell and Whitney tied for high batting honors. Each of the three went to bat four times and got two hits. Liddell and Whitney each made two bases on one of their hits and Van slapped one square in the face for two bases. Villirno got two out of five and one of those was for two sacks.

Ocala was the first to draw blood and scored two runs in the second inning. Eddie Overstreet led off with a single to left. Wood sacrificed him to second. Brooks fanned. Liddell singled, scoring Overstreet. Liddell made second when the catcher dropped the ball. Whitney singled to right, scoring Liddell. Taylor singled to right but Whitney did not score. Van flew out to second, retiring the side.

Gainesville tied the score in the fifth. Valdez led off with a single. Villirno singled and went to second when Liddell let the ball roll through his legs. Jones hit to Leon who erred the chance, scoring Valdez and Villirno. Lindsey fanned. Chancey hit a fly to Liddell who erred. White and Collins retired the side by going out, second to first.

In the sixth Gainesville again broke loose and when the dust had cleared away she had two more runs to her credit. Haley led off and went out short to first. Pfeiffer went in to bat for Oppenheim and walked. Valdez went out, pitcher to first, sending Pfeiffer to second. Villirno doubled to center, scoring Pfeiffer. Jones hit to second and was safe when Brooks dropped the throw. Lindsey hit to Brooks who erred, scoring Villirno. In the ninth with two down Ocala made a desperate attempt to tie the score. Liddell doubled to right. Whitney followed with a double to center, scoring Liddell, but Taylor was unable to produce the hit that would have tied the score.

ATTACK ON BOSTON & MAINE EMPLOYES

Raided in Their Dormitory Last Night And Several Injured By Masked Ruffians

Boston, July 19.—Seven masked men heavily armed got past guards at the Boston & Maine railroad shops, in Concord, N. There was shooting and hand to hand fighting in which several workmen were beaten, one requiring hospital attention.

Cincinnati, July 19.—A strike of clerks and station employees of the Chesapeake & Ohio has been sanctioned, President Fitzgerald, of the Brotherhood of Railway Clerks, announced today.

PROSPECT OF PEACE

Chicago, July 19.—(By Associated Press).—Railroad strike peace parleys assumed new and more important proportions today, with the possibility of a walk-out of maintenance of way men virtually removed by action of the labor board in indicating it would grant new hearings on the wage question.

Senator Cumming's announcement that he would hold hearings on the transportation act to ascertain how the law may be amended so that the living wage principle would be made clear, was received as decidedly favorable to peace both by rail heads and strike leaders. With the wage question thus eliminated from the dispute, certain rules affecting overtime pay of shopmen and the question of restoration of seniority rights of the men now on strike are left as about the only issues.

OXFORD

Oxford, July 18.—The Ladies Club and the (Gentlemen's) Chamber of Commerce of Oxford locked arms (not horns) last Friday night, and pulled off one of the biggest social affairs in the form of a chicken pillau and ice-cream banquet that has ever struck this place. The main feature of the occasion was for the purpose of introducing to the people of Oxford, our County Secretary of the Chamber of Commerce, Col. Clarence E. Wood. Col. Wood was here of course to help enjoy the feast of the evening, who was the leading speaker of the occasion presided by Mr. Harry P. Leonard, who performed his part equal, we might say without fear of contradiction, to that of a cabinet officer.

Hon. H. D. Hunt, chairman of the County Commissioners from Bushnell, Judge McCollum and Tax Assessor John Wilkerson also from Bushnell, Commissioner W. D. Jarrell of Wildwood, accompanied by Mr. G. D. Bridges, E. S. Vining and Mayor C. L. Carter and the greater "part of their wives" to hear the oratory of their husbands, who were, besides Col. Wood, C. L. Carter, H. D. Hunt, Judge McCollum and Mayor Vanderhoeak of Oxford.

With the exception of Col. Wood, who held the audience almost spell-bound for nearly an hour, the speeches were short and to the point; even then, it was a late hour before everyone could be served with the above mentioned menu at so much per, but they all parted with the compliments on their countenance if not by word of mouth of having enjoyed a pleasant meeting together, and it is needless to state that the Woman's Club came out ahead of the game to the goof of nearly \$50 for town improvements.

Now listen to a thing almost miraculous. Some time ago it was a day's journey or more than thirty miles to Webster, and nearly a day's journey and more than twenty miles to Bushnell from Oxford. Now then, these places that have been so far away have been moved so close together that we can visit either place in a little better an hour of time without the fear of being arrested for the cruelty to animals; and Coleman and Wildwood is just right at our town limits, formerly being five and ten miles away respectfully.

We can remember when it required four days to make a round trip to our market 30 miles away, but we can now go and sup with friends and relative that distance—return and dream under our own roof and never miss a shoosie. This mirical has not been performed in such a short time, but we have just realized the truth of it. The automobile was the fore-runner of it, and thirty miles of good roads among the best in the state is what worked this wonder and put us so close to our neighbors.

On account of a little bad road between Summerfield and Belleview, Ocala is not quite so close as it used to "was." We hope to get closer sometime.

Now Shady, we are preparing for the biggest barbecue of the year at Oxford don Thursday Aug. third, and if you will come and spend the day, we will buy you a pretty red balloon and some ice-cream, and such.
